

ELECTRICITY INFORMATION DISCLOSURE

Aurora Energy owns and operates the electricity network in Dunedin, Central Otago and Queenstown Lakes. We own and manage the poles, lines and equipment that distribute electricity from Transpower's national grid to more than 92,000 homes, farms and businesses.

Aurora Energy's line charge prices recover the direct costs of distributing electricity to you across our network (distribution prices), and other indirect costs (pass-through prices) including incentives, rates, regulatory levies and electricity transmission from the national grid.

Effective from 1 April 2022, this disclosure details our new line charges prices in accordance with the revenue path set by the Commerce Commission in the Aurora Energy Limited Electricity Distribution Customised Price-Quality Path (CPP) Determination 2021, and the Electricity Distribution Information Disclosure Determination 2012.

The CPP provides a revenue pathway that enables us to address safety and reliability risk across the electricity network, by investing in upgrades. Under the CPP, the revenue we can collect from customers increases by 13.7% for the year starting from 1 April. This increase includes a 3.7% adjustment due to current inflation being significantly higher than when the CPP was determined.

Aurora Energy provides network distribution services to electricity retailers and bills them line charges. Line charges are just one component of your power bill, and each retailer decides how it will reflect line charges in the amount you pay. Accordingly, Aurora Energy cannot guarantee the line charges specified here are the line charges that retailers bill consumers.

For retail electricity prices, please contact your electricity retailer (the company that provides your power bill).

A full explanation of the factors affecting this price change will be given in our updated pricing methodology, which will be published on our website (www.auroraenergy.co.nz) on 31 March 2022. All charges exclude GST.

Applicable to all Grid Exit Points	n/a	\$7.10		\$7.10	\$7.10		\$7.10	\$/ kVAr

Monthly price per equivalent corrective capacitance applies if the installation power factor is required to be improved to 0.95.

NOTES

- Winter rates apply 1 May to 30 September. Summer rates apply 1 October to 30 April
- Prices exclude GST
- Transmission charges represent 23% of total revenue.
- The Frankton sub area is defined by Aurora Energy as comprising connections at threat of uneconomic bypass as a result of competitive, grid-connected, distribution. A prudent discount policy applies.
- If connections in capacity groups 16kVA and above satisfy the criteria in the Electricity (Low Fixed Charge Tariff Option for Domestic Consumers) Regulations 2004 to be classified as domestic, then Residential pricing applies as the low fixed charge option.
- Pricing information, including a copy of this notice, is maintained on Aurora Energy's website www.auroraenergy.co.nz

Aurora Energy is a wholly owned subsidiary of Dunedin City Holdings Limited, which is in turn owned by the Dunedin City Council. Our principal regulators are the Commerce Commission and the Electricity Authority.

PLEASE KEEP CLEAR OF FALLEN POWER LINES OR DAMAGED ELECTRICAL EQUIPMENT AND TREAT THEM AS LIVE AT ALL TIMES.
